## Welcome to “Explore Our Heritage” exhibition!

The Selected Archaeological Finds Exhibition Area is located at “Explore Our Heritage”- Archaeology Section. The Exhibition Area displays over 1,000 locally-excavated artefacts, ranging from Neolithic Period to the 20th century. They are placed systematically in showcases and drawers corresponding to the archaeological sites.

When you enter the exhibition area, two big glass showcases and 16 drawers (D1-16) can be seen. Finds of recent archaeological excavations are on display. As you continue to explore, 144 short drawers (SD1-144) and 18 long drawers (LD1-18) are installed, they show the finds in different sites. Larger exhibits are kept in showcases (SC 1-36). You can take a closer look at interesting details such as different patterns and designs of the artefacts.
