

Public Programme of Hong Kong Heritage Discovery Centre

“Ancient Rock Carvings: Coloured Sand Art” Workshop

No enrolment necessary. First come, first served. Free admission.

All are welcome.

Ancient rock carvings are found in several places of Hong Kong. Their patterns are basically composed of geometric patterns and curved lines, or with the hints of human or animal images. In this workshop, some declared monuments of ancient rock carvings will be introduced. Let's follow the patterns to make our own coloured sand art products!
